SACKit[®]

DARE YOURSELF

From SACKit you will find corporate gifts of high quality in Danish design with beautiful Scandinavian aesthetics at very reasonable prices in all budgets.

If you do not dare to take a chance, you will never reach what is at the end of the rainbow. We encourage everyone to dare a little more and to make more exciting decisions. To always see opportunities instead of limits. Choose your own path, your own style, choose what feels right. Go with your gut feeling or ignore the rational angel on your shoulder.

At SACKit, the phrase “Dare yourself” is the basis of our philosophy. We see opportunities. We dare to believe in them. This is where our success lies. We dare to challenge the existing and to believe in new possibilities. For instance, we refuse to compromise on a design, even though manufacturers tell us it is impossible. We dare to find a way. We dare to make products that are better designed, better priced, and in better quality than the existing.

Our products are Danish designed multi-functional lifestyle items with beautiful Scandinavian aesthetics. You will always find more than one purpose for your SACKit product. Our designs are created for the modern, active lifestyle, which requires high flexibility, usability and exclusive design.

High-end beanbags, lounge furniture, trays, and speakers from SACKit provide you with a complete portable lounge for the living room, the porch, the children’s playroom or the holiday journey.

Love SACKit
